

Cathryn Hilliard

Executive Director

Construction Industry Force Account Council

Cathryn Hilliard has served for over 18 years as Executive Director for the Construction Industry Force Account Council (CIFAC), a non-profit coalition consisting of construction industry associations, contractors and labor unions. Formerly Director of Government and Public Affairs for the Association of Bay Area Governments, Hilliard has both public and private sector experience.

About CIFAC

Acts as “watchdog” monitoring state and local government agencies for proper compliance with the California Public Contract Code. Results in increased bidding opportunities on public works construction projects, more job opportunities and transparency so the public understands they are receiving the best value on the work being paid for by their hard earned tax dollars.
